

# DBMR Research Conference

## Prof. Rui L. Reis, PhD, MD

Research Institute on Biomaterials, Biodegradables and Biomimetics,  
University of Minho, Headquarters of the European Institute of Excellence on  
Tissue Engineering and Regenerative Medicine (PRT)

**Addressing Complexity in TERM Cell/Material Interactions  
using High-Throughput Approaches: Applications on In Vitro  
Cancer Models**

**Monday, April 8, 2024, 5 pm – 6 pm  
Langhans Auditorium, Pathology**

**Host: Prof. Dr. Benjamin Gantenbein, Tissue Engineering for Orthopaedics and  
Mechano Biology, Bone & Joint Program, Department for BioMedical Research,  
University of Bern**
